

## ***Merry Christmas 2022 from Joe and Elfi Muutuki***

Daniel Han from Singapore shared at our Church last Sunday 18<sup>th</sup> and reminded us that there cannot be Christmas without Christ. Some will tell you happy holidays or even X-mass only because they do not want to mention the name of Christ. But can there really be a Christmas without the birth of Jesus Christ?

Rejoice with us for what God has been doing through some of our initiatives and creating relationships that honor God and hopefully some of our friends will meet Jesus personally through these initiatives. Please do share this joy with us during this Christmas season. Some pictures include our first business breakfast, koroga (grill) evening 3<sup>rd</sup> December, Ladies Fellowship 10<sup>th</sup> December and lunch Sunday and Christmas play from the kids and cantata by our worship team 18<sup>th</sup> of December.

One man said this in our koroga WhatsApp group; ***“Edwin Moindi here, I wanted to reiterate what I mentioned yesterday. There are fewer and fewer spaces for men to affirm, support and encourage each other. Koroga is one of them, no matter how fleeting the time, in two visits’ I have come to love interacting with men like me who have a passion for life and desire to be a light in this dfor inv ark world. Thank you for making this happen, and thank you for the great conversations we have as we share a meal”*** Someone else from another faith who came with his 3 brothers for first time wrote; ***“Good morning, thank you for inviting us guests, had great time, enjoyed each an everyone’s company ,made new friends, met old friends, Asante mingi mingi sana”. “Asante mingi mingi sana” is an expression he was extremely very very happy!***

From the bottom of our hearts, Elfi and I want to wish you and your loved ones **Merry Christmas and a wonderful 2023.**

***Joe and Elfi***
