

June 10, 2020 Update

Dear All,

Praise God that even in the midst of this challenging times God give us opportunity to serve and minister to people who are in need and enables us to continue His ministry. This an update of the past couple of months.

Covid-19: As the world is infected and affected by this global pandemic, India is no exception. In India the case of infections increases by thousands everyday. Even in our state Manipur, we have more than 200 Covid-19 cases.

Covid-19 Relief: As giving drastically drops due to Covid-19 lockdown, we could only pay our pastors half of their salary. However, in divine providence the generous gifts from ITEM through ReST matched about another half. ReST become a channel to help our pastors and 18 widows and few families who are in desperate situation. I convey sincere gratitude of our pastors to ITEM.

New Dormitory: This morning another building was added in ReST campus known as "Grace House" a new dorm for students. This is made possible through the generous contribution of individuals and church from you all. May God abundantly bless you all for your generosity (photos attached below).

Online Classes: Due to Covid-19 lockdown, schools have been closed for more than three months. Now schools are making effort to use information technology to their advantage by introducing online classes. However, this comes with a price as we need to share our phones with children for their studies. We who have phone to share with kids are lucky as there are less fortunate parents who don't even have one to share. Thank you also to those of you who help me out with this problem as well.

In His Grace,

Pau M. Gualnam

Reformed School Of Theology (ReST)

GRACE HOUSE

In Memory Of Elder Joseph F. Stephens

Dedicated By: Elder Emeritus Thuamson Hangzo

Chairman: Board Of Directors (ReST)
